

OFFICE OF FINANCIAL AID AND VETERANS AFFAIRS

2026–2027 Special Circumstances Appeal for **Dependent Students**

What is a Special Circumstance Appeal?

A **special circumstance appeal** is a request for the Financial Aid Office to **take another look at your financial aid** if your family's current financial situation is different from what's shown on your 2026-2027 FAFSA.

The 2026-2027 FAFSA uses income information from the 2024 tax return for you and your parent(s)/step-parent, but sometimes life changes. If you and/ or your parent(s)/step-parent have had **unusual or unexpected financial changes**, you may ask the financial aid office to review you and/or your parent(s)/step-parent situation.

Note: Approval is **not automatic** and documentation is required. If approved, our office may be able to **update certain FAFSA information**, which *could* change your financial aid eligibility.

Examples of Special Circumstances (This is not an exhaustive list)

- Loss of employment or reduced work hours
- Divorce or separation
- Death of a parent or parent(s)/step-parent
- High medical expenses not covered by insurance
- Other significant changes to income or household finances
